Proposal

South Central Los Angeles Regional Center (SCLARC) is requesting approval to allow a specific consumer and her three young children to reside with a Family Way Family Home Agency certified family home provider. This living arrangement will allow the consumer and her children to receive the services and supports necessary to meet all of their care needs. And, it will ensure that the children remain healthy and are safe while living with their mother.

The Proposal is cost effective and can be implemented under SCLARC's existing funding allocation from the State of California.

CCR Title 17 Section 56076(e)(5) is the regulation that will be waived under the Proposal, allowing the consumer and her children to live in the certified family home.
